Land elevation

LEGO World Map 31203 template: 128 x 80 studs, 40 sections

10,240 pieces: 3,062 plates 1x1 round (land, part 6141), 7,178 tiles 1x1 round (ocean, part 98138); 13 lots (13 verified).

This set: 1 overview page, 1 legend page(s), 40 section page(s) (A1 to H5), column by column as hung. Each section page is one 16 x 16 base at true size; the number on each stud is its lot in the legend. Plates (land) are drawn with a ring, tiles (ocean) plain. Frames: A-B frame 3, C-D frame 1, E-H frame 2.

Combination B (americas): frames 3·1·2 from left to right, America in the centre (LEGO 31203 building instructions, pp. 7-8). Sections are labelled as hung; each section page names its physical frame and its kit section in the instructions. Every combination uses the same pieces.
